

W. WA. Medical Services Communications Monthly Training Meeting Announcement

Please join us on ZOOM for the monthly virtual training meeting.
See the next page for instructions.

Our **February 20** meeting will be held virtually on ZOOM, starting at **0900**. If you have technical difficulties, try the phone numbers to get an audio connection.

Our presentation this month will be:

Messaging Handling Practice

This is a team exercise coordinated by Paul (K17VDA) and inspired by Carlos (AA7SB). Message handling is a radio operations 101 skillset but it's very important and we haven't had much chance to practice it over the last year. Like anything, it can become stale. So we'll practice during the Zoom session, providing constructive feedback to each other and highlighting the best examples of good practices.

Feel free to refresh yourself before the session using your favorite resources. Suggestions will be emailed in the week before the session.

Other Business

Before the exercise we will do introductions, including some new members joining us. After the exercise we'll have announcements, project statuses, and anything for the good or the order.

Instructions for using Zoom:

Leslie Cohen is inviting you to a scheduled Zoom meeting by clicking on this link:
