

W. WA. Medical Services Communications Monthly Training Meeting Announcement

Please join us on ZOOM for the monthly training meeting.

Please try to connect close to 08:45 so we can start promptly at 09:00. See the next page for instructions.

Our **May 15** meeting will be held virtually on ZOOM, starting at **0900**. If you have technical difficulties, try the phone number to get an audio connection.

Our discussion this month will be:

Spring 2021 Simulated Exercise Test (SET) Debrief

Our April meeting was the Spring 2021 SET. It was a well-attended and well-received event that everyone seemed to enjoy. As always, much went well and numerous lessons were learned. We will review the After Action Report (AAR) and discuss how we can implement improvements. Your contributions during the SET and this meeting are greatly appreciated. Even if you couldn't attend the SET, you should find this discussion informative.

Other Business

Announcements, etc. including:

- Committee updates
- Quarterly board meeting review
- Hospital access and needed actions
- NWHRN exercise
 - Northwest Healthcare Response Network is hosting an exercise June 17th from 13:00 to 15:00. Participating facilities will be exercising their emergency communications plan, so we should participate as much as we can.

HIPAA Review

This portion is primarily for the benefit of new members and those that missed the December 2020 meeting (where we also did a HIPAA review). It is optional for everyone else. Patient confidentiality is critical, so this is an important discussion for anyone unfamiliar with the key concepts.

This session is part of the standard MST training so after attending it be sure to record that you did so on your Member Training & Activity Record.

Instructions for using Zoom:

Topic: WWMSC monthly training and general meeting

Time: May 15, 2021 09:00 AM Pacific Time
