Our presentation this month will be:

“What I Did This Summer” – a smorgasbord of topics

This is just for fun! Several of our team members report on recent and past adventures and events.

- **How I started in ham radio and how it piqued my interest in traveling, including slides from a recent trip – Les, W1CCL**
- **VE Testing During the Pandemic - Amateur radio licensing exams are taking place virtually during the pandemic and there is enormous demand for them with a lot of people staying home and studying - Alan, KD7KUS**
- **The wide-ranging impacts of COVID-19: Doug, K7CNS, will give an update on recent events in Peru, a follow-up to the report of his trip there in March which was disrupted by the pandemic. Also, his work with the Department of Health and give an overview of findings and current projections of mental health impacts of the pandemic**

There will be a short business meeting following the presentation.

Refreshments are on your own, since you are at home
