Mike Pulley, at a Comm Academy presentation a number of years ago, characterized public service events like bicycle rides, marathons and 10k runs as disasters by appointment. Hams have to improvise and coordinate parties' efforts to keep things moving forward. This training will present lessons on (1) serving as a support person like a SAG, and (2) taking on the role of coordinating hams and the whole communications show for an event.

Immediately following the training, we will conduct the **Annual Meeting of the Corporation, an election of officers and board members**, and any other business that comes before the Board. Only members who have paid their 2019 dues before or at the meeting may vote, but everyone is welcome to attend. Hope to see a lot of you there!
Members are welcome to attend the Board meeting too.
